Premium Adjustments for Expanded Criteria	Rate Adjustments
Rate/Term Refinance	+ .10%
Loan Amounts > \$417,000	+ .25%

NOTES

LOAN PROGRAM CATEGORIES

FIXED – This category applies to loans with level or declining payments for the first five years. It does not include loans with buydowns or rate concessions.

NONFIXED WITH ANNUAL CAPS ≤ 1% – This category applies to loans with an annual effective interest rate cap of 1% or less during the first five years. Eligible examples include:

- fixed-rate loans with 1% annual temporary buydowns;
- 6- and 12-month ARMs with annual effective rate caps of 1% or less; and
- 3/3 and 3/1 ARMs with initial interest rate adjustments of 3% or less.

RATE PRODUCT NOTES

Monthly Premiums require the first month's premium at closing. Subsequent months are billed by MGIC. Monthly rate charts show the annualized rates. To determine the monthly premium, multiply the applicable premium rate by the loan amount and divide that product by 12. Premiums are rounded to the nearest penny. Refunds are prorated.

ZOMP! (Zero-Option Monthly Premiums) are billed in arrears, so no premium is due at closing. Refunds are prorated.

Nonrefundable Monthly/ZOMP! Premiums are refunded on a prorated basis if coverage is cancelled or terminated under the Homeowners Protection Act (HPA) of 1998.

Constant Renewals are applied to the original insured loan balance. The rate for years 2-10 is the same as the first-year rate. For years 11-term, the renewal rate is reduced to .20% or remains the same if less than .20%. Premium adjustments do not apply beginning year 11.

Declining Renewals are applied to the outstanding insured loan balance. The rate for years 2-term is the same as the first-year rate. For Monthly Premiums/ZOMP!, the loan balance is adjusted at each anniversary of the certificate.

UNDERWRITING NOTES

3/2 Option Loans, where only a portion comes from the borrower's own funds and the rest from a gift, grant or loan, use 95.01%-97% rates.
