Section 1 Doing Business With MGIC

1.01 Introduction

Thank you for choosing MGIC mortgage insurance. Together, we make homeownership possible for more families.

This Guide provides the policy, procedures and requirements we use to evaluate loans for mortgage insurance. By carefully reviewing borrowers' Credit, Capacity, Capital and Collateral (the Four Cs), we can piece together a comprehensive picture of risk. The presence of a high-risk factor doesn't necessarily threaten successful homeownership. But when a number of high-risk characteristics are present without sufficient compensating factors, their cumulative effect dramatically increases the overall risk of a loan.

Underwriting for quality is an acquired art – not a cut-and-dried science. While there are general principles that apply, every loan file represents a unique situation. We'll consider insuring loans that don't meet requirements stated in this Guide on a case-by-case basis.

1.02 Support

If you have questions about anything in this Guide or specific loan eligibility, please contact your MGIC representative, mgic.com/contact, or an MGIC Underwriting Office, mgic.com/uwoffice.

MGIC Go! Loans

Loans that receive a valid DU Approve or Loan Product Advisor Accept response are eligible for MGIC mortgage insurance through our MGIC Go! streamlined underwriting program ([Section 2](#)).

Standard Loans

Our Standard Underwriting Guidelines apply to loans that are not processed through an Agency AUS (otherwise known as manually underwritten loans) or loans that do not qualify for MGIC Go!

For standard loans ([Section 3](#)), where indicated in this Guide, you may follow standard Agency guidelines and Agency selling guide documentation requirements, along with any specified MGIC guidelines and requirements.

When aligning with Agency guidelines, you must:

- Choose one Agency to follow when underwriting the loan. Co-mingling of Agency selling guide requirements is not permitted
- Use the initial loan application date as the Agency selling guide effective date
- Retain in the mortgage loan file any documentation or information you relied upon and make it available to us upon request

1.05 Our Fair Underwriting Commitment and Compliance

We are committed to treating all individuals fairly and equitably in all jurisdictions where we conduct business. This commitment is part of our fundamental mission to expand homeownership by supporting the origination of quality mortgage loans.

We do business in compliance with all fair lending laws, including, but not limited to the federal Fair Housing Act, the Equal Credit Opportunity Act (ECOA) and the Fair Credit Reporting Act (FCRA).

As required by FCRA, when we take adverse action based on information in a consumer credit report, we notify the borrower of the reasons behind our decision.

1.06 Application and Loan File Documentation

1.06.01 Application

The application means a request for mortgage insurance for a loan, or a request for modification of such insurance, in a format we approve, including all supporting materials and other information we may require. When submitting an application to us, you:

- Are responsible for:
 - Collecting, evaluating and verifying the accuracy of the information you provide to us

- in the format approved by us, regardless of the source of the information or how you obtained it
- Complying with the requirements when using an automated tool as outlined in these Underwriting Guidelines

- Underwriting and satisfying all applicable conditions for the loan in compliance with applicable law and these Underwriting Guidelines in effect at the time the application is submitted
- Represent that:
 - The application is true and complete in all material respects
 - No information contained in or submitted in support of the application was false or misleading when provided
 - The application does not omit any information that would make any other information provided untrue, inaccurate or incomplete, or that would have made the loan ineligible for insurance or for coverage at the premium rate offered

The following documents (in hard copy or electronic form), as applicable, must be retained in the mortgage loan file and made available to us upon request:

1.06.04 Approved Applications

When we approve an insurance application, we issue a Commitment/Certificate via the Loan Center, electronic delivery or fax – according to your preference (see 1.09).

A Commitment/Certificate serves as our commitment to insure a loan. Once you've activated insurance, it serves as the insurance Certificate. If multiple Commitment/Certificates have been issued, only the most recent is considered valid.

View a sample Commitment/Certificate at mgic.com/samplecc.

1.06.05 Denied Applications

If we are unable to approve an insurance application, we'll provide you with a Statement of Denial, including the specific reasons insurance coverage was declined.

If you deny the loan, we rely on you to forward the Statement of Denial to the mortgage loan applicant, as required by ECOA.

Where FCRA requires us to notify the loan applicant that insurance has been declined, we'll send a letter that satisfies both ECOA and FCRA requirements directly to the loan applicant and a copy to you.

1.06.06 Incomplete Applications

If we are unable to make a decision based on the loan information you submitted, we'll contact you for clarification.

1.07 Delegated Underwriting Program Guide

1.07.01 Overview

Our Delegated Underwriting Program allows you to submit an application with loan data only (in lieu of physical documents) via the Loan Center, your loan origination system or other electronic data interface. The data transmission must identify the application as a Delegated Underwriting Program loan. You may submit an application any time, but no later than 45 days after the closing date.

When you apply for MGIC MI through our Delegated Underwriting Program, you represent:

- Data is true and accurate and consistent with the loan origination file documentation
- The loan meets our Underwriting Guidelines in effect in all material respects at the time of submission

By applying for MI under our Delegated Underwriting Program, you acknowledge that we are relying on your representations; that such representations are material inducements to our insurance of each delegated underwriting loan; and that we are not obligated to underwrite, investigate or verify any information in connection with our issuance of a Commitment or Certificate for a delegated underwriting loan, or review any information or materials submitted to us.

All Master Policy holders are eligible for our Delegated Underwriting Program subject to the eligibility requirements below. We'll notify you if you don't qualify, in which case you may apply for MI via a non-delegated MI underwrite (1.08).

1.07.02 Lender Eligibility and Participation Requirements

To participate in our Delegated Underwriting Program, you must:

- Have and maintain:
 - An independent and qualified underwriting staff
 - The ability to fund your own loans
 - Business operations in a non-residential space that is a legal and permissible use
- Comply with all other policies, procedures and processes outlined in this Guide

We may also consider your:

- Appraiser approval and monitoring processes
- Pre- and post-closing quality control processes and procedures, including fraud prevention controls
- Performance history and results from MGIC quality control audits
- Principals and senior management

1.07.03 Termination, Suspension or Limitation

We reserve the right to terminate, suspend or limit your participation in our Delegated Underwriting Program with a 10-day written notification. If we determine you are no longer eligible to participate, we won't cancel your Master Policy nor will it affect Commitments/Certificates issued before the termination date.

However, if we terminate, limit or suspend your participation in the Delegated Underwriting Program for cause, it will be effective immediately upon our notice to you identifying such cause. If we notify you orally, we will then provide written confirmation of termination, suspension, or limitation within 10 days of our initial notice. When we terminate, limit or suspend your participation in the Delegated Underwriting Program for cause:

- We will have no obligation to insure any loan:
 - Submitted under the Delegated Underwriting Program after the notice of termination, suspension or limitation
 - You have previously approved and submitted to MGIC under the Delegated Underwriting Program for which we have not issued a Commitment
- Unless we provide otherwise in our notice of termination, suspension or limitation, Commitments issued prior to the notice effective date for which coverage has not been activated will be null and void

1.07.04 Changes to Lender Eligibility and Participation Requirements

We may change the Delegated Underwriting Program or lender eligibility and participation requirements at any time. We'll notify you of any changes and publish them with an effective date on mgic.com.

1.08 Non-Delegated Underwriting (MGIC MI Underwriting)

All current Master Policy holders are eligible to submit applications for non-delegated underwriting, also known as MGIC MI Underwriting. Submit documents with your MGIC insurance application via the Loan Center or other document delivery service. We are responsible for determining whether the information you submit meets our Underwriting Guidelines. Upon review, we may request additional documentation.

When you apply for MGIC mortgage insurance using our non-delegated underwriting, you represent:

1.10.04 Extensions or Expired Commitment/Certificates

If you need to extend a Commitment/Certificate effective period, contact your MGIC Underwriting Office, mgic.com/uwoffice. We may request additional information to determine if the Commitment/Certificate is eligible for extension.

Section 2 MGIC Go! Loans

2.01 Introduction

Loans that receive a valid DU Approve or Loan Product Advisor Accept response are eligible for mortgage insurance through our MGIC Go! streamlined underwriting program, provided they also meet guidelines in Section 2. This program allows you to quickly determine MGIC eligibility by:

- Applying a few overlays
- Following the DU Underwriting Findings report or Loan Product Advisor Feedback Certificate
- Following the respective Agency selling guide requirements for items the Findings/Feedback does not address

Please note: We do not automatically approve an application based solely on a specific Agency AUS decision. All loans are subject to MGIC underwriter discretion.

For an Agency AUS response to be valid, you must adhere to the requirements as outlined for DU and Loan Product Advisor in the appropriate Agency selling guide. Examples include, but are not limited to the items listed below. You must:

- Employ prudent underwriting and due diligence when reviewing all loan origination file documentation
- Resolve any red flags
- Ensure accurate data entry to the AUS (and MI submission if delegated)
- Ensure that the AUS response that you submit to us does not materially differ from the final AUS response
- Underwrite all aspects of the loan origination file that DU or Loan Product Advisor cannot evaluate (out of scope) to ensure all Agency requirements are met (e.g., condominium project eligibility)

AUS other than DU or Loan Product Advisor are not eligible under the MGIC Go! streamlined underwriting program.

For loans that aren't processed through an Agency AUS or that do not qualify for MGIC Go!, follow our Standard Underwriting Guidelines ([Section 3](#)).

Section 3 MGIC Standard Loans

3.01 Introduction

Our Standard Underwriting Guidelines apply to loans that are not processed through an Agency AUS (otherwise known as manually underwritten loans) or loans that do not qualify for MGIC Go! streamlined underwriting ([Section 2](#)).

We'll consider insuring loans that fall outside of these requirements on a case-by-case basis. If you would like us to consider such a loan, submit it for non-delegated underwriting ([1.08](#)).

Aligning with the Agencies

For standard loans, where indicated, you may follow standard Agency guidelines and Agency selling guide documentation requirements ([1.03.03](#)), along with any specified MGIC guidelines and requirements.

If you have questions about the contents of this Guide or specific loan eligibility, please contact your MGIC representative or an MGIC underwriting office, mgic.com/contact.

3.04 Borrowers

3.04.01 General Borrower Eligibility

Follow these MGIC guidelines:

- To be eligible for MGIC mortgage insurance, each borrower must:
 - Be a natural person or be represented by an inter vivos revocable trust
 - Have the legal capacity to reside in the United States and contract for a mortgage
 - Have a valid US-issued Social Security Number
- Borrowers are **ineligible** if they:
 - Have been issued an Individual Tax Identification Number (ITIN) in lieu of a Social Security Number
 - Have diplomatic immunity
 - Are foreign nationals
 - Are Corporations, LLCs or Partnerships
 - Are irrevocable trusts
 - Are non-US citizens lacking legal status to live and work in the United States

3.04.02 Co-Signer or Guarantor

Follow these MGIC guidelines:

- We do not allow the credit history of guarantors or co-signors to offset derogatory credit of the applicant
- The co-signer or guarantor's credit will be considered for eligibility and premium pricing

3.04.03 Non-Occupant Co-Borrower

Follow these MGIC guidelines:

- The occupant borrower must meet all MGIC Underwriting Guidelines without including the non-occupant co-borrower's income and assets for qualifying purposes
- The non-occupant co-borrower's credit will be considered for eligibility and premium pricing
- The non-occupant co-borrower may not be an interested party (e.g., seller, builder, real estate agent)

3.04.04 Inter Vivos Revocable Trust

Follow these MGIC guidelines:

- A minimum of 1 primary beneficiary of the trust must occupy the property
- For qualifying, use the income and assets of at least 1 primary beneficiary who will occupy the property and become personally liable on the note as co-signer or guarantor and acknowledge the mortgage
- Retain a copy of the trust documents

3.04.05 Non-US Citizen (Permanent or Non-Permanent Resident Alien)

- If income is used to qualify, the borrower must:
 - Have the legal right to work in the US
 - Have a 2-year history of US residency, employment and established credit
 - Expect to continue living and working in the US

3.04.06 Borrower Exposure and Claim History

When we receive an application, we consider any other loans held by the same borrower that are currently or were previously insured by MGIC. We reserve the right to decline an application for excessive borrower exposure or history of claim or rescission.

See our Guideline Summaries ([2.02](#) for MGIC Go! loans or [3.02](#) for Standard loans) for specific tolerances.

3.05 Mortgage Eligibility

3.05.01 LTV/CLTV/HCLTV

We use LTV/CLTV/HCLTV calculations for underwriting and pricing.

3.05.01a Determining Property Value

Follow these MGIC guidelines:

- Determine the property value by loan purpose

Loan Purpose	How to Determine Property Value
Purchase	Lesser of sales price or appraised value/other valuation method
Purchase: Construction, Home Improvement	Lesser of sales price + cost of construction/improvements or appraised value/other valuation method
Refinance: Rate/Term, Cash-out, Construction, Home Improvement	Appraised value/other valuation method

- Note that upon application, the property value represented in that application establishes the "original value" as defined by our Master Policy

3.05.01b LTV/CLTV/HCLTV Calculations

Follow these MGIC guidelines:

- We use the base LTV to determine eligibility and premium rates. Exclude the amount of any financed mortgage insurance premium from the loan amount when calculating the LTV, CLTV or HCLTV
- To determine the LTV category, truncate the LTV/CLTV/HCLTV to 2 decimal places, then round up to the next whole percentage. For example:
 - If the calculation result is 95.010%, then the LTV category is 97%
 - If the calculation result is 90.009%, then the LTV category is 90%
- If property is in New York State, see [3.05.04](#)
- See LTV requirements by transaction type in our Underwriting Summaries ([3.02](#))

3.05.02 Financed Premiums

We allow borrower-paid mortgage insurance premiums to be financed with the loan up to:

- Our maximum published loan limits
- A maximum 103% LTV, including the financed premium

3.05.03 Subordinate Financing

Follow our Underwriting Summaries (3.02) as well as these MGIC guidelines:

- The CLTV and HCLTV must not exceed our maximum published limits
- The subordinate lien must:
 - Be recorded
 - Be at current market rates for second mortgages
 - Not be provided by any interested party to the transaction (e.g., seller, builder/developer, real estate agent, broker, etc.)
- Subordinate lien payments must:
 - Cover at least the interest due (negative amortization is **ineligible**)
 - Be included in the DTI ratio

3.05.04 New York State

Under New York State regulatory requirements, a purchase transaction is eligible for mortgage insurance based on the “fair market value” of the property as follows:

- If the property is a cooperative, the loan amount must be greater than 80% of the sales price to be eligible for mortgage insurance
- For all other properties, the loan amount must be greater than 80% of the appraised value to be eligible for mortgage insurance

Single-close (or one-time close) transactions include both the interim construction financing and the permanent mortgage financing. Interim financing may involve a short-term, interest-only period whereby borrowers make periodic payments on the amount of funds drawn to date. The interim financing automatically converts to permanent financing upon completion of construction.

MGIC eligibility and premium rates are based on the terms of the permanent financing.

Follow our Underwriting Summaries (3.02) and these MGIC guidelines:

- Use **Purchase Transaction (3.06.01)** guidelines when the borrower is not the owner of the lot as of loan closing date
- Use **Rate-Term Refinance Transaction (3.06.02)** guidelines when the borrower has legal ownership of the lot as of loan closing date
- When documentation is more than 180 days old and less than 12 months old as of activation date, we require:
 - Verbal Verification of Employment within 10 days of insurance activation

The interim construction financing is not eligible for mortgage insurance. The application must reflect the terms of the permanent financing.

Follow our Underwriting Summaries (3.02) and these MGIC guidelines:

- Use guidelines for **Rate-Term Refinance Transactions (3.06.02)** or **Cash-out Refinance Transactions (3.06.03)** as applicable
- Submit loan purpose as Construction-Perm to receive a 12-month Commitment/Certificate. See 1.10.04 regarding extensions

3.06.05 Home Improvement/Renovation Transaction

Follow our Underwriting Summaries (3.02) and these MGIC guidelines:

- When the borrower is not the owner of the lot as of loan closing date
 - Follow **Purchase Transaction (3.06.01)** guidelines

 - Purchase price plus documented cost of improvements; OR
 - Current appraised value as completed per plans and specs
- When the borrower has legal ownership of the lot as of loan closing date
 - Follow **Rate-Term Refinance Transaction (3.06.02)** guidelines
 - To determine property value for LTV calculations, use current appraised value as completed per plans and specs
- Typical expenses and fees that may be included are:

3.09 Income and Employment

Income stability is a key indicator of a borrower's ability to repay and stay current on a loan. Income fluctuation and trends, whether increasing or decreasing, deserve careful analysis when you are determining a borrower's monthly earnings.

3.09.01 General Income Guidelines

Follow these MGIC guidelines:

- Minimum 2-year employment history
 - We'll consider shorter histories if the loan application demonstrates factors that reasonably offset the shorter history (for example, a borrower who has recently completed an undergraduate or graduate degree, a medical residency, or an apprenticeship and is beginning employment in their field)
 - Income histories less than 24 months require non-delegated underwriting (1.08)
- Qualifying income should be likely to continue for 3 years after the note date

3.09.02a Temporary Leave: Short Term Disability, Maternity or Paternity Leave

If a borrower will be on temporary leave at the time of closing, and income from that borrower is needed to qualify, you must confirm employment and determine qualifying income.

Follow these MGIC guidelines:

- When the borrower intends to return to work on or before the first mortgage payment due date, use the regular employment income in the amount the borrower earned prior to the leave, or the borrower’s verified post-leave income, if different
- When the borrower intends to return to work after the first mortgage payment due date, use the lesser of:
 - The regular employment income in the amount the borrower earned prior to the leave, or the borrower’s verified post-leave income, if different; OR
 - The temporary leave income the borrower is earning while on leave
- If the temporary leave income is insufficient, you may supplement this income with available liquid reserves divided by the number of months between the first mortgage payment due date and the return to work date
 - Qualifying income = The lesser of the regular monthly employment income earned prior to the leave or temporary leave income earned while on leave plus supplemental income
 - Supplemental income = Liquid reserves divided by the number of months supplemental income is required
 - Available liquid reserves = Verified liquid assets minus funds to close the mortgage (e.g., down payment, closing costs, debt payoff) and PITI reserves
 - Number of months = Number of months between the first payment due date and the date borrower will return to work

Example: Temporary Leave Income Received Until Return to Work		
Calculate available liquid reserves	\$16,000	Available liquid assets
	- \$12,000	Funds to close the mortgage and PITI reserves
	\$4,000	Available liquid reserves
Determine number of months	April 1	First payment date
	June 1	Date borrower will return to work
	2 months	Number of months of supplemental income
Calculate supplemental income	\$4,000	Available liquid reserves
	÷ 2	Number of months of supplemental income
	\$2,000	Monthly supplemental income
Calculate qualifying income	\$3,000	Monthly temporary leave income
	+ \$2,000	Monthly supplemental income
	\$5,000	Monthly qualifying income

3.10 Assets

The types of assets a borrower uses to complete the mortgage loan transaction contribute to the level of risk of the loan, and the verification of those funds is critical. Generally, assets earned or saved over time are associated with less risk as they establish a history of financial stability.

3.10.01 Borrower's Own Funds

Minimum borrower's own funds requirements, expressed as a percentage of the loan amount, vary by property type and loan amount (see our Underwriting Summaries, [3.02](#)). Our eligible asset type table ([3.10.04](#)) identifies acceptable sources for borrower's own funds that are used towards down payment, closing costs, pre-paid expenses and reserves.

3.10.02 Reserves

Our minimum reserve requirements vary by loan amount and other characteristics (see our Underwriting Summaries, [3.02](#)). Any asset eligible as a source for borrower's own funds or to complete the loan transaction is an acceptable source of reserves (see eligible asset type table, [3.10.04](#)).

Reserves Calculation		Funds remaining after loan closing

3.10.03 Large Deposits

[Follow Agency guidelines and Agency selling guide documentation requirements.](#)

3.10.04 Eligible Asset Types

All assets in the following table are acceptable sources of funds for reserves (3.10.02) or to complete the mortgage loan transaction once borrower's own funds requirements have been met. Where indicated, they are eligible to meet borrower's own funds requirements (3.10.01).

Follow our Underwriting Summaries (3.02) and these MGIC guidelines:

- A minimum of 2 credit scores is required for each borrower on the loan
- A credit score is considered usable and valid when a minimum of 3 traditional tradelines are reported, each with a minimum 12-month payment history
 - An authorized user account may be considered a valid tradeline if the borrower has been making the payments, and the payments have been paid as agreed for the past 12 months
- The **Borrower Indicator Score**, used to determine the Representative Credit Score, is determined using a minimum of 2 valid credit scores:
 - When 2 valid credit scores are provided, the lower score is the Borrower Indicator Score
 - When 3 valid credit scores are provided, the middle score is the Borrower Indicator Score
- The **Representative Credit Score**, used for underwriting and determining the premium rate, is the lowest Borrower Indicator Score among all borrowers on the loan (regardless of whether all borrowers have valid credit scores)

The DTI ratio is a key factor in determining the borrower's ability to repay the mortgage obligation.

For calculation purposes:

- When qualifying your borrower for MGIC mortgage insurance, we do not require you to include the mortgage insurance premium in the DTI calculation
- Total Monthly Obligations = Monthly housing expense plus the monthly debt obligation (3.12.03)
- Total Monthly Gross Income = The sum of all income from eligible sources

$$\text{DTI Calculation} = \frac{\text{Total Monthly Obligations}}{\text{Total Monthly Gross Income}}$$

DTI Ratio %

Follow these MGIC guidelines:

- Our maximum DTI ratios vary by occupancy, loan type, loan amount and other characteristics (see our Underwriting Summaries, [3.02](#))
- For transactions with a non-occupant co-borrower, the occupying borrower's DTI must meet our maximum DTI ratio requirements without consideration of the non-occupant co-borrower's income and obligations

 - Appraisals completed as anything other than as-is will be considered per the appraiser's recommendations indicated in the reconciliation portion of the appraisal report

 - **Must have a quality rating Q5 or better**

- The prior listing and sales history of the property and prior sales activity of the comparable sales used
- Presence of large adjustments lacking adequate justification from the appraiser
