### Borrower-paid single premiums

Borrower-paid single premiums require a one-time, single payment at closing. Borrowers can finance the premium into the loan amount or pay it at closing. A third party, such as a builder or a seller, can otherwise pay the premium.

When the borrower elects to finance the premium into the loan amount, select the LTV category based on the loan amount before adding the premium.

Unless we cancelled coverage previously at the lender's request, we provide coverage until scheduled amortization reaches 78% of original value. Coverage continues for loans in default on that date until the loan is brought current.

### Refunds

**Non-Refundable Single Premiums** – If coverage is cancelled or terminated under the Homeowners Protection Act of 1998, we will provide a refund based on our HPA refund schedules.

See [mgic.com/rates](http://mgic.com/rates) > Premium Refunds.

### Loan program categories

**Fixed** applies to loans with level or declining payments for the first 5 years and no potential for negative amortization.

**Nonfixed** applies to loans with actual or potential payment changes during the first 5 years.

### Rate selection

**30-year rates** apply to loans with an amortization period greater than 25 years.

**≤ 25-year rates** apply to loans with an amortization period of 25 or fewer years.

Select LTV category based on first lien only.

Rates may vary from state to state. Select rates based on property location.

Rates for credit scores in the lowest tier apply to:

- Loans without valid credit scores or no credit scores that otherwise meet our nontraditional credit requirements
- Loans with a DU® or Loan Product Advisor® response other than Approve or Accept
