"Understanding Asset Requirements" (Slide 9)

Required funds for closing:

\$18,500 plus reserves of \$4,000 = \$22,500

Verified funds of \$19,400 plus retirement of \$4,500 = \$23,900

Yes, we have sufficient assets verified.

Liquidation is NOT required as these funds are only being used for reserves. Access to funds must be verified.

**MGIC** 

"Large Deposit – Poll" (Slide 23)

Large deposit of \$2,500 minus \$1,000 = \$1,500, which is less than 50% of \$4,200 and, therefore, does not need to be deducted, and we can use the entire amount of \$13,500

"Understanding the >20% Rule" (Slide 30)

Funds required from mutual fund are \$40,000 minus \$25,000 = \$15,000

\$15,000 x 1.20 = \$18,000

We have \$20,000 verified, so no verification of liquidation is required

"Retirement Accounts" (Slide 33)

Balance is \$18,674

Vested amount is \$18,674

Qualified assets would be the vested amount of \$18,674 minus a loan of \$5,000 = \$13,674
