## Section 1 36-Month and 60-Month Rescission Relief

All loans receive rescission relief for Significant Defects, including a Valuation Defect, and Single Loan Fraud by a Borrower after 36 months if all the following conditions are met:

- The loan was not in Default by more than 30 days on the due date of the 36th payment
- All loan payments have been made with the Borrower's Own Funds
- No more than 2 loan payments were 30 days late; no loan payment was 60 or more days late
- The loan has not been subject to a Workout, other than a Workout entered into as a result of a Default caused by a natural disaster

For loans that do not meet the 36-month criteria above, Gold Cert Coverage provides full rescission relief for Significant Defects, including a Valuation Defect, when both of the following conditions are met:

- The loan was not in Default by more than 30 days on the due date of the 60th payment, or, if the loan is in Default, the loan subsequently becomes current
- All loan payments have been made with the Borrower's Own Funds

## Section 2 Early Rescission Relief

If you choose to participate in early rescission relief options, you may need to submit certain documents and the loan will need to pass our Independent Validation review.

### 2.01 Full Rescission Relief

A loan will receive full rescission relief for Significant Defects, including a Valuation Defect, if both of the following conditions are met:

- You submit these required documents within 90 days of when you notify us to activate insurance:
  - For delegated loans, submit the complete Origination File (see [2.05.01](#)) and the Closing File documents (see [2.05.02](#))
  - For non-delegated loans, submit any Origination File documents (see [2.05.01](#)) that have changed or were not submitted at Application and the Closing File documents (see [2.05.02](#))
- The loan passes our Independent Validation review

Full rescission relief will be effective upon our notification to you following our Independent Validation.

If we indicate concerns regarding the Borrower's occupancy of the Property in our Independent Validation notice, then rescission relief for a Significant Defect relating to the Borrower's occupancy of the Property will be effective when the Borrower has made the first 12 loan payments on time from the Borrower's Own Funds.

### 2.02 Rescission Relief for Valuation Defect Only

A loan will receive rescission relief for a Valuation Defect if both of the following conditions are met:

- You submit property valuation documents at the time you apply for mortgage insurance or within 90 days of when you notify us to activate insurance. Such documents must include one of the following:
  - Appraisal, including all addenda, attachments, schedules, photographs and other information included by the appraiser, if available
  - Collateral Underwriter® (CU®) Findings or Summary Submission Report (SSR), if applicable. An appraisal, including all addenda, attachments, schedules, photographs and other information included by the appraiser is also required with the CU Findings or SSR
  - DU®-offered value acceptance (only if no appraisal is available)
  - DU®-offered value acceptance + Property Data Collection (PDC) results (only if no appraisal is available)
  - ACE-offered appraisal waiver (only if no appraisal is available)
  - ACE+Property Data Report (PDR) (only if no appraisal is available)
  - For properties located in areas affected by hurricanes or other significant disasters, see section 1.12 of our Underwriting Guide, Natural Disaster Policy
- The loan passes our Independent Validation review

Valuation Defect rescission relief will be effective immediately upon our notification to you following our Independent Validation.

Issuance of rescission relief for a Valuation Defect does not waive our rights under the Master Policy for any other exclusion from coverage, including Physical Damage or Environmental Impairment.

### 2.03 12-Month Closing Document Exception Rescission Relief

A non-delegated underwritten loan may receive full rescission relief for Significant Defects, including a Valuation Defect, without your submission of the Closing File if both of the following conditions are met:

- You submit the required Origination File documents (see [2.05.01](#)) when you apply for mortgage insurance
- We approve the loan for mortgage insurance

Your Commitment Certificate will indicate whether the loan qualifies for:

- Valuation Defect rescission relief effective as of the Certificate Effective Date
- Full rescission relief for all other Significant Defects and Single Loan Fraud by the Borrower effective when the Borrower makes the first 12 loan payments on time from the Borrower's Own Funds

We'll inform you if you are not eligible to participate in the 12-Month Closing Document Exception program.

### 2.04 Automated Tool Rescission Relief

We will not rescind coverage for a Significant Defect based on the results obtained from the Automated Tools in [2.04.01](#), [2.04.02](#) or [2.04.03](#) if all the following conditions are met:
