

Guam Underwriting Summary

EFFECTIVE
SEPT. 22, 2022

This summary highlights our most common loan programs. It does not replace our Underwriting Guide, which provides details on our guidelines and requirements (mgic.com/uwguide).

We do not approve loans for mortgage insurance based solely on a response obtained from Agency automated underwriting systems (Agency AUS), Fannie Mae's Desktop Underwriter® (DU®) and Freddie Mac's Loan Product Advisor®.

We allow certain efficiencies for loans that have a valid DU or Loan Product Advisor response.

MGIC Go! streamlines MI for:

- Loans with a valid DU Approve/Eligible or Loan Product Advisor Accept/Eligible response
- Loans with a valid DU Approve/Ineligible or Loan Product Advisor Accept/Ineligible response due to LTV or loan type

These loans must meet requirements stated in our Underwriting Guide (UWG), Section 1, Doing Business with MGIC and Section 2, MGIC Go! Loans.

Follow Findings/Feedback requirements for:

- Documentation
- Tradelines, credit history
- Borrower contribution, including gift funds
- Reserves
- Other criteria

Apply applicable MGIC Go! overlays (pages 2 and 3 in this document); otherwise, refer to the respective Agency selling guide for requirements not provided in the Findings/Feedback.

Our Standard Underwriting Guidelines apply to loans that are not processed through an Agency AUS (otherwise known as manually underwritten loans) or loans that do not qualify for MGIC Go! streamlined underwriting.

These loans must meet requirements stated in UWG Section 1, Doing Business with MGIC, and UWG Section 3, Standard Loans.

For standard loans, where indicated in the Guide, you may follow standard Agency guidelines and Agency selling guide documentation requirements (UWG 1.03.03), along with any specified MGIC guidelines and requirements.

References

Throughout this summary, we will refer you to supporting information in our Underwriting Guide. For example, (UWG 3.06) means you will find related information in Section 3, subsection 6 of the Guide. Changes from the previous version of our Guide are indicated in purple.
