security alert contacts

As part of our information risk management program, MGIC Investment Corporation maintains policies and procedures designed to prevent unauthorized access to or use of confidential information about MGIC, our customers and individual consumers. MGIC will comply with applicable legal requirements to notify individuals of any compromise in the security of personal information. MGIC's customers will be notified of any unauthorized access to their confidential business or customer information.

MGIC's customers can specify where security alert notices should be delivered by writing to MGIC:
